

## Here's what you can do:

Cover yourself with clothes.

Plant herbs, grasses and plants that naturally repel mosquitoes such as

marigolds,

pennyroyal,

rosemary,

catnip &

Thai lemon grass.

Be friendly to creatures that eat mosquitoes including bats...

...and Purple Martins!

Why not mount a Purple Martin house in your own yard?

Remove standing water in your yard.

You can also spray repellent in the air,

place pellets in the water,

or use mosquito magnets, such as the ones at Truxtun Park.

For a big job, please call the City of Annapolis Department of Public Works at (410) 263-7949 or the Maryland State Department of Agriculture at (410) 841-5870.

**Remember mosquito control begins with you and your yard!**
